Profile Summary

I am a Computer Science and Engineering student currently pursuing my B.Tech at the prestigious Mohan Babu University. With a solid foundation in programming and problem-solving, I hold proficiency in C, Java with Data Structures and Algorithms, and Python, complemented by strong analytical and logical thinking abilities.

I specialize in crafting efficient and scalable software solutions, leveraging my skills to tackle challenging technical problems. My academic journey has not only enhanced my technical expertise but also strengthened my leadership, communication, and team collaboration skills, allowing me to effectively guide projects from conception to execution.

I have a keen interest in innovative problem-solving, project development, and exploring emerging technologies. My aim is to build impactful solutions that are practical, user-friendly, and reliable, while continuously pushing the boundaries of my knowledge and creativity.

Education

B.Tech in Computer Science and Engineering - Mohan Babu University (2024 - 2028)

Intermediate - Viswasai Junior College (2022 - 2024)

10th Grade - Kendriya Vidyalaya (2021 - 2022)

Technical Skills

- C (Expert)
- Java + DSA (Intermediate)
- Python (Intermediate)
- C++ (Average)

Core Strengths

- Problem Solving
- Leadership
- Communication

Achievements & Certifications

- Internship: Smart Energy Audit & Tariff Analysis - Mohan Babu University
- Hackathon Participation: XHorizon Website Development - Mohan Babu University
